

Section 3
3.5 Materials

3.5.3 Specials Menus

The Daily Specials menu will be displayed on the first glass panel, which gives a view into the display kitchen. This will be seen upon arrival into the restaurant (fig. a).

The artwork will be applied with vinyl in Pantone 2965U, with space for the dish titles to be added by hand, in the space given. The dish titles must be written using a non-permanent navy blue pen, which can write on glass.

The vinyl must be centred both horizontally and vertically on the glass panel.

All artwork is supplied, for all three naming options. For artwork files see successive files, starting from HIL006-360
