

The Alley Layout plan

- 1. HOST DESK
- 2. THE ALLEY
- 3. THE FEATURE WALL
- 4. PREPARATION COUNTER

Craft

The Alley will look to create a communal dining experience reminiscent of street side noodle and dumpling bars. Sitting at a high counter, guests will have a front row seat to the energetic displays of the intricate cooking techniques.

Context

Situated close to the entrance guests will be drawn in by the lively and atmospheric nook within the restaurant. Counter seating encourages diners to engage and interact with one another as well as the staff on the other side of the counter. The Alley will also house a take-away facility.

Character

Quirky finishes, atmospheric lighting, and a vibrant energy will look to give the space an authentic personality. Noodle and dumpling experts crafting meals in front of the guest will represent the characterization and personification of both food offerings.
