

## FUNCTION AND ZONING ANALYSIS 区域功能分析

## I SHAPE RESTAURANT

"I" shaped restaurant, the main entrance is at the short axis: The VVIP/Chairman's PDR is recommended to be located to close to the main entrance to ensure privacy.

The other PDRs are allocated at the end of the restaurant to have effective service flow and traffic distribution.

## 基本平面图块分析

一字型餐厅,主入口在短轴: 建议VVIP设置在靠近主入口位置, 可保证私密性。

其余包房设置在一字型基地末端, 分区明显, 也便于服务。
