LARGE SIZE RESTAURANT WITH STREET ACCESS

As large-size restaurant can be extended based on the small restaurant floorplan and will also include the semi-private dining area, main dining area and PDRs.

Ideally, if there is direct street access, the same consistent main entrance design will be maintained but a screen wall should be set-up to ensure privacy.

大型餐厅可在小型餐厅基础上延伸,包括半包、大堂就餐区、包房。

如有街面入口,需设置玄关,以保证餐厅私密性。可与主入口为同一主题。
